

**Professional Development Liaisons
August 21, 2009 Webinar
2:00 – 3:30 EDT**

Presenters:

- ▶ Sue Pleskac – Professor – Youth Development, 4-H Volunteer Leadership Specialist – University of Wisconsin – Extension
- ▶ Sheri Seibold, Extension Specialist, 4-H Youth Development – Volunteer Development – University of Illinois

The presenters also served as co-chairs of the National 4-H Learning Priority Team on Volunteerism for the Next Generation and Sheri will serve as the “Point Person” for the *Everyone Ready* program through Energize Inc.

Webinar: Volunteerism for the Next Generation and *Everyone Ready*

This session will provide an update on Volunteerism Professional Development opportunities for Extension 4-H paid staff. Every Extension 4-H staff member has some connection to volunteerism. Volunteers provide a critical delivery mode for 4-H programming and staff need to have the capacity and skills to implement and maintain an effective volunteer delivery system for their program. This webinar will feature the Volunteerism for the Next Generation rubric and self-assessment along with proposed learning activities and resources. It will also provide information about ***Everyone Ready***, the new online volunteer management staff development plan by Energize. This program will be launched nationally within the Cooperative Extension System on **September 21, 2009**. Funding for this project is provided by Monsanto through National 4-H Council.
