

2009 PUBLIC PRESENTATIONS

Stage time for Public Presentations in the 4-H Exhibit Building must be shared between multiple participating counties each day. There is no limitation on the number of participants invited from each county. However, each participant must have qualified with a blue placing in the county qualifying event – and be included on report WS4HF/1.06m. Junior 4-H members may participate in Public Presentations or Public Speaking events at State 4-H Fair, however, we caution counties that some junior members may not be ready for the State 4-H Fair experience.

Because each day's schedule of events in the 4-H Exhibit Building will vary, public presentation and public speaking schedules for some days will be modified, to accommodate other events. The following information reflects the activities we can anticipate at this time.

Live animal presentations are not allowed at the State 4-H Fair. 4-H members doing a presentation with a live animal at the county level are encouraged to adapt their presentation by using stuffed animals, charts, posters, etc.

Instructions, to assist you in preparing a correct report on WS4HF/1.06m, are located on each page of that report form. Duplicate pages of WS4HF/1.06m as necessary to list all participants. **It is important that every participant receives a completed copy of the Exhibitor Letter (WS4HF/1.23m) from their county Cooperative Extension office. There are blanks on page 3 of the letter that will need to be filled in prior to being given to participants.**

THE FOLLOWING INFORMATION IS TO BE USED ONLY FOR COMPLETION OF LIST 1 OF WS4HF/1.06m.
