\* Total WA Youth, K-12, taken from '99-'00 OSPI Public & Private Enrollment Summary (<http://www.k12.wa.us/dataadmin/>). Statistics for home-schooled youth were not available. An unusually high 4-H percentage coupled with a low or no report of duplication of youth may indicate unreported duplication in youth group enrollments or that group enrollments reflect multiple-county programming.

\*\* Total with duplicates: Includes those participating in more than one delivery mode; duplicates are likely under-reported.

\*\*\* State Prog. : Stats include youth who participated in a program conducted by a State Staff Member.

Comments: This was the 5th reporting year using MarTech Blue Ribbon Software. Personnel in 38 counties managed their own data entry; data for 2 counties was entered by State 4-H Office personnel. An increase of 9,380 was reported statewide in unduplicated youth enrollment; total youth participation (including duplicates) increased by 9,452; adult leadership increased by 995. Youth in clubs dropped slightly by 113 statewide. Non-traditional delivery methods accounted for the large increase in youth participation. Sp. Interest/Day Camps showed a dramatic increase of 9,211 statewide; Sch. Enrichment enrollment increased by 2,206; Resident Camps increased by 132; reported SAC enrollments decreased by 2,071. Eighteen (18) counties reported an increase in unduplicated youth enrollment; those increasing 500 or more this year included: Pierce, Kitsap, Klickitat, King, and Ferry. The following counties reported a decrease in youth numbers of 500 or more: Benton-Franklin, Grays Harbor, Clark, Skagit, and Snohomish. Adult Training includes the reported number of adult volunteers and other adults trained by 4-H Extension faculty and staff in the areas of leadership, parenting, and other topics; many counties submitted no training records.

Report prepared by Nancy Mordhorst, 4-H Program Coordinator, WSU Pullman. 11/00 2000stats.xls
