* Total WA Youth, K-12, taken from the OSPI Public & Private School Enrollment by Grade & County for Oct. 2002 Report 1809A & B, (<http://www.k12.wa.us/dataadmin/>). Statistics for home-schooled youth are not included in the OSPI report. An unusually high 4-H percentage coupled with a low or no report of duplication of youth may indicate unreported duplication in youth group enrollments or that group enrollments reflect multiple-county programming.

** Total with duplicates: Includes those participating in more than one delivery mode; duplicates are likely under-reported.

*** State Prog. : Stats include participation in a program conducted by State Faculty/Staff, not reported at the county level.

Comments: This was the 8th reporting year using MarTech Blue Ribbon Software. An increase of 5,365 was reported statewide in unduplicated youth enrollment; adult leadership decreased by 227. Youth in clubs gained by 692 statewide. Non-traditional delivery methods increased in youth participation by 8,843 overall, with Resident Camps and Special Interest groups showing decreases. Sch. Enrichment groups enrollment increased by 14,637, due largely to significant numbers of youth reached by EFNEP, Food Sense, and Master Gardener Programs, representing 58% of the total reported youth; SAC groups also increased by 1,594 over the previous year. 17 counties reported an increase in unduplicated youth enrollment; those increasing 500 or more were Adams-Lincoln, Clark, Ferry, Mason, Pierce, Snohomish, Whatcom, & Yakima. The following counties reported a decrease in youth numbers of 500 or more: Benton-Franklin, Grant, Island, & Kitsap. Reported Adult Training (adult volunteers and other adults trained by 4-H Extension faculty and staff in the areas of leadership, parenting, & other topics) decreased by 419, although over half of the counties submitted no training reports.

Report prepared by Nancy Mordhorst, Program Coordinator, WSU Pullman. 11/03 2003stats.xls
